CHERISHING YOUNG LIVES | supreme.foundation@supreme-group.net

**SUPREME**  
**FOUNDATION**

Supreme Foundation is an independent, registered charitable trust that aims to alleviate hardship and improve the health, education and living conditions of disadvantaged children in conflict areas and remote regions around the world where Supreme Group operates.

Through our ability to leverage Supreme Group's strengths as a global leader in the provision of end-to-end supply chain solutions, we have the expertise, facilities and networks to achieve real results that foster hope and give people better chances in life.

## IMPROVING YOUNG LIVES WHEREVER WE SERVE

Established in 2009, Supreme Foundation is a non-profit organization that helps children to develop the skills and knowledge to lead successful, sustainable lives and contribute to their families, communities and countries.

Over the years, we have made substantial investments in schools, orphanages, healthcare facilities and housing developments in Bosnia, the Ivory Coast and Afghanistan. Our assistance has helped thousands of children and families survive amidst the ravages of brutal winters, wars, famines and severe deprivation.

The Foundation is funded by sponsorships as well as by donations from suppliers, partners and employees. Supreme Group makes a generous annual donation and bears all administrative and staff costs. With no overheads, this means that for every dollar donated, we guarantee that 100% of the money reaches those it is intended to support. We are proud to be one of the few charities in the world to have this privilege.

## OUR PROJECTS

We select local projects to support in areas where Supreme Group operates. We provide food, clothing, fuel, school equipment, medical supplies, furniture, kitchen equipment, computers, and other items. We also offer our expertise in terms of logistics, construction, repair and other support services.

### Projects we work with around the world:

**Tomorrow's Hope Foundation** is an orphanage that provides shelter, meals, education and support for orphans, single mothers and homeless children in Kabul, Afghanistan. Currently, more than 100 children aged from 4 to 14 years are cared for at the orphanage. The children all go to school and receive additional tutoring from the center's staff in the evenings. We support the orphanage by providing food, fuel, clothing, furniture, cooking equipment, textbooks and stationery, medical supplies, quilts, sports equipment, maintenance and repairs, heaters and computers.

**Mazar E. Sharif Orphanage** is a facility that provides shelter, medical care and education to orphans and families in Mazar E Sharif, Afghanistan. The facility houses 13 families and 60 orphans, who produce carpets and handicrafts that are sold locally. We support the orphanage by providing food to the children, families and staff.

**Afghan Action** is a carpet factory and training school based in Karte Se, Kabul, Afghanistan. The program helps disadvantaged youth learn how to make and sell beautiful handmade Afghan Carpets. Since opening in 2005, Afghan Action has educated, trained and employed more than 800 people. All staff and trainees receive daily literacy and numeracy lessons and have access to free on site health care. Once the students have completed their apprenticeships, they have the skills to earn a living and support themselves and their families. We support Afghan Action by providing funding for quilts, as well as food, heaters, fuel and computers.

**Missionary Charity Sisters Orphanage and Hospice** is an orphanage and healthcare facility located in the Ivory Coast. We provide the funding for the purchase of essential equipment such as gas water heaters and cookers, kitchen equipment, furniture, a medical disposal furnace, and a fridge-freezer. We also repainted and repaired all bedrooms.

**Helping Hands & Hearts Foundation** is a non-profit organisation that aims to create a better world, one child at a time. We support the Foundation's work in Sarajevo, Bosnia, by helping to refurbish the library and reading room at a primary school in Llidza that provides schooling for more than 800 children.
